Can I get Grant Funding for This?

Figure 1: Comparison of Global Warming Potentials

SHORT ANSWER - YES!

We have studies on our website describing the data above. With a reduction in carbon emissions of 28% we qualify for the most recent Low-Carbon Emissions Grants (among other grants). Contact me or John Danello for more info!

HIR Updates

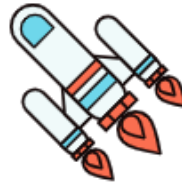

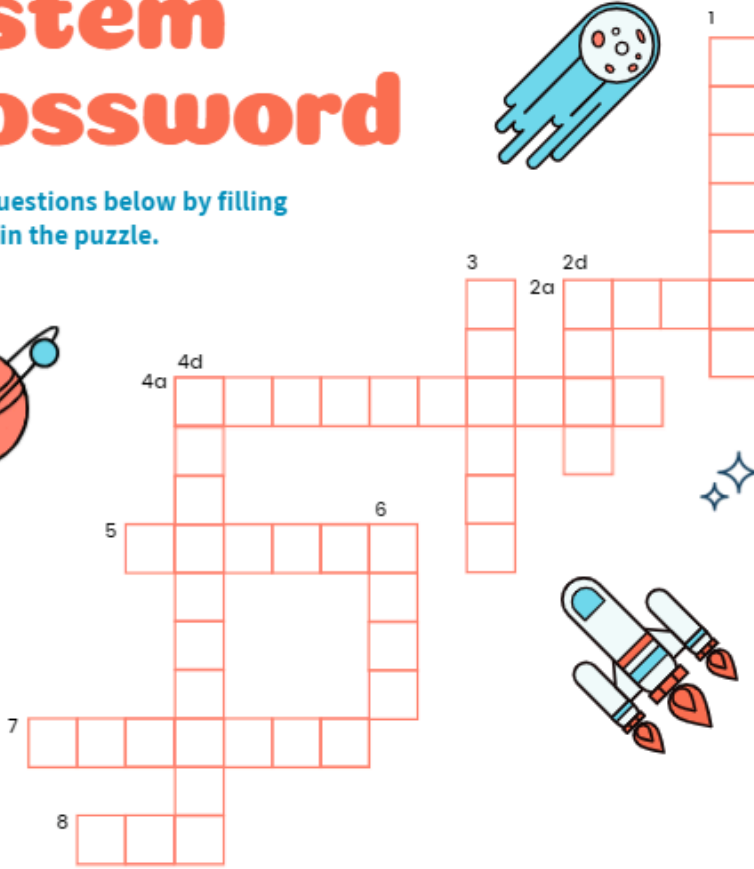

My Newsletter so my updates - ha!

We are moving back home next week! Illinois here we come!!

For the summer I will be doing project spotlights to highlight the hard work of the crew and the successes we are having around the nation. Once the season ends I'll start highlighting the awesome industry partners we have.

Solar System Crossword

Answer the questions below by filling in the blanks in the puzzle.

Long Shot: Hideki Matsuyama (+4000)

OWRG Foursome Picks:
Scottie, Hideki, Lowry, & Si Woo Kim

Quote of the Month
"I can think. I can sleep. I can move. I can ride my bike. I can dream." - Bill Walton (RIP)

Trivia

Q: Among land animals, which species has the largest eyes?

A: Email Joe for Answer

Q: Which state has the license plate motto "Live Free or Die" ?

A: Email Joe for Answer

Q: In Swedish, a skvader is a rabbit with what unusual feature?

A: Email Joe For Answer

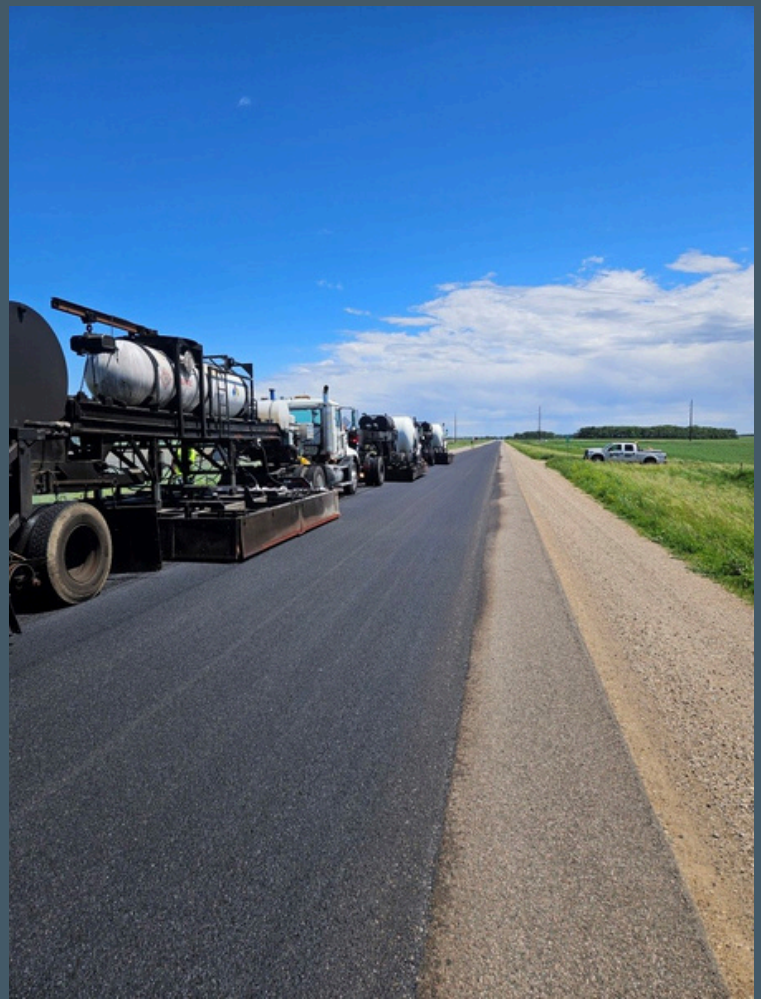

On this date...

In 1714 Prussia and Russia sign secret treaty.

In 1838 Iowa Territory forms with Burlington as its capital.

In 1931 Al Capone is indicted on 5,000 counts of prohibition and perjury.

Project Spotlight - Continued Success in IA & MN

Project Overviews:

Above we have two FANTASTIC jobs to spotlight. On the left we have a job in Iowa where we recycled 12.5mm (1/2in) surface course at a 2inch depth with 96% density! On the right we have a job JUST finishing up this week in MN where we recycled 4.75mm (3/16in) ultra thin surface course at 2inch depth awaiting the formal density results. Overall, we are extremely pleased with the results of these two projects and are eagerly awaiting our next opportunities as we mobilize to Illinois next week.

Could you be benefitting from density improvements with Hot In-Place Recycling? Without knowing your roadway situation, I have the tendency to assume “yes!” Be proactive and think about HIR today as a way to bring density back to YOUR roadway!
